

PROGRAM NAME: Communication Sciences and Disorders  
 PROGRAM COLLEGE: College of Health and Human Services  
 CATALOG TERM: 2019-2020

This degree program prepares students for graduate work in speech-language pathology or audiology. Speech-language pathology is the study of disorders of communication and swallowing, including their characteristics, assessment, and treatment. Audiology is the study of disorders of hearing and balance, including the evaluation and rehabilitation of individuals with hearing problems. The undergraduate program provides a broad scientific base for the understanding of normal development of the basic human communication and swallowing process. The Bachelor of Science program in communication sciences and disorders meets the guidelines of the American Speech-Language-Hearing Association (ASHA) as appropriate for an undergraduate program.

NOTE: Individual Programs of Study will vary in consultation with your Advisor and course/section availability each term. The below schedule serves only as an **example** four-year degree plan.

**YEAR 1**

Fall Semester

Course Name	Credits	Minimum Grade Required	Experience Notes
Core: Written Communication (CODE)			<ul style="list-style-type: none"> <li>Join an RU Academy</li> <li>Participate in the Finucane Service Project</li> <li>Attend the New Student Retreat</li> </ul>
